### Bishop is speaker for study meet

Auxiliary Bishop Joseph B. Brunini, of the Natchez-Jackson diocese, will deliver the keynote address at the opening session of the 18th annual conference of the Mississippi Conference of Bishops, which will be held at the St. Augustine Monastery in Syracuse, N.Y., on July 20-22.

### Eminent domain suit seen over port land

Unanimously voting for swift action, the Hancock County Board of Commissioners last Thursday broke clear of bogged down negotiations with International Paper Co. over land

### IP confab on prices set Aug. 8

A conference with International Paper Co. and the port and harbor commission has been called by the board of supervisors for Monday, Aug. 8.

The board is to discuss the price for the 2,000 acres of land the company owns in the Mobile Bay area which the port commission wants for the first phase of the industrial complex.

Superior, Inc. got a letter from IP at 10:30 a.m. Monday stating that the company would not accept the offer of \$225 an acre, including timber and mineral rights. The board, commission was authorized by the supervisors to come back and offer \$100 an acre, or to buy the land.

The letter from Mobile was dated July 14, deadline for the 30-day answer period to the offer. The board and port commission are authorized to negotiate with the company to acquire the land.

## Wet vs. dry vote here on Saturday

### Supervisors ask

## Delay beat shift to '70

Wait until the 1970 census is completed or until the U.S. Supreme Court decides whether the one man-one vote doctrine applies to the county level.

That was the gist of the closing argument made by attorneys for the defendant board of supervisors before the federal three-judge panel hearing the Hancock County redistricting case in Jackson last Thursday.

U.S. Circuit Judge James P. Coleman, sitting with District Judges Harold Cox and Claude Clayton, said the county's plea to dismiss the case or withhold action until '70 would be taken under advisement. Three more county redistricting cases—Harrison, Pearl River and Pike—were heard the following day.

The defense argument was based on a 2-1 decision earlier this summer from a U.S. District Court in Alabama. Walter J. Phillips, one of the attorneys for the county, contended no appeal on county reapportionment had been perfected to the Supreme Court. If there is "invidious" discrimination against the Beat 5 voters, he contended, the plaintiffs should have been able to get a petition for redistricting from 25 per cent of the qualified voters.

Phillips argued that waiting for population figures from the 1970 census would not irreparably damage the plaintiff. He

called on Beat 1 Supervisor H.C. Dean to testify on population growth in that area since the 1960 census. Dean said a census he had taken in the

## George pact claim listed at \$13,900

George Consolidated, Inc., is liable for liquidated damages totaling \$13,900 through June 20 under four contracts for the city's sewer and water system.

That figure was forwarded to City Commission Council last week by William E. Edgington, Jr., of Owen and White, Inc., Bates Rouge consulting engineers who are supervising the work.

"Although we realize the contractor is due consideration for possible time extension on some contracts, we feel that you should be apprised of the amount of liquidated damages for which he could be liable," Edgington wrote.

The damage schedule was attached to the monthly progress schedule on the project and recommended payments. Contract No. 1—the water distribution system—had a total of 277 days and had used 309. At \$60 damages per day, the

Polls will open at 7 a.m. Saturday in the 20 precincts across the county in what may well be as hotly contested race as any Democratic primary for local offices.

The issue is whether or not Hancock County will come out from under Mississippi's prohibition laws. Polls close at 6 p.m. and how long counting the ballots will take will depend upon the size of the turnout.

The election under the new state law which came out of the recent session of the state legislature was called earlier this month by the board of supervisors. Petitions bearing well over the required 1,500 qualified electors were ready when the new law became effective July 1.

The Hancock County Cham-

ber of Commerce and the Bay St. Louis Jaycees are the only civic groups formally on record in support of the county going wet. The Jaycees acted shortly after the measure was signed by Gov. Paul B. Johnson. The chamber voted Monday night.

Commodore E. M. Hearn, Jr., of Bay Waveland Yacht Club sent letters this week to the club membership urging them to vote "wet." The action was directed by a majority of the board of governors.

On the opposite side, a number of local pastors have spoken strongly against repeal of prohibition in the county—either from their pulpits or in church bulletins.

Political observers predict the north part of the county will vote dry if they vote at all and the outcome will be determined by the sections along the Mississippi Coast. There have

### Murphy School registration times told

Registration will be from 8:30 a.m. until 2:30 p.m. Friday, Aug. 26, at the new Charles B. Murphy School at Pearlington for pupils entering the school for the first time.

W.A. Kirkland, newly appointed principal, said all children who will be six years old on or before next Jan. 1, and who have not previously registered, should sign at that time. They should bring birth certificates and immunization records.

The new Murphy school, which replaces the old Loggown plant, will handle county pupils in grades 1 through 8. Classes for the 1966-67 session will start Aug. 29.

Kirkland said he is still short three teachers—one for the lower grades and two in the upper elementary level.

### Bay sales tax take up again

The city's latest sales tax check from the State Tax Commission is \$7,137.90, and increase of \$644.37 over the July payment a year ago.

That brings the total for the first 10 months of the current fiscal year to \$68,088.42 which is \$10,746.71 more than for the corresponding period last year.

City Commissioner J. Cyril Glover displayed the check to the Echo this week to dispel some skepticism who have doubted the validity of the tax take figures. The warrant, dated July 15, is signed by Dexter Barr, chairman of the State Tax Commission.

Last July's check was for \$6,493.53. On a one per cent basis, this means an increase in the gross volume of business in Bay St. Louis of \$64,600. The total from October, 1966, through July, 1967, was \$57,341.77.

Accuracy of the city's sales tax collection figures was confirmed by the state commission in reply to an inquiry from the Hancock County Chamber of Commerce. Mrs. Frank Kiefer, chamber manager, said the chamber board had sought the information because a number of merchants were doubtful about the increase. The commission sent back figures for the first five months of the two fiscal years, confirming Glover's reports and showing a steady business growth of almost \$2,000 a month, she reported.

## Spanish Acres comes of age

Spanish Acres, a 31-acre tract south of Old Spanish Trail, on which developer Jack W. Bowden of Pass Christian has already spent over \$250,000, is to make its official debut this weekend.

Part of the original Spanish land grant to Madam Charles, made in the 1700's, the tract has been subdivided into 166 lots. Half in the city and half in the county, investment is expected to top \$2.5 million when complete.

Over half a mile deep, the subdivision has curving lanes, landscaped roads and covered parking areas. Eight families are already living in the development. 12 houses are ready for occupancy and 25 more are under construction.

Already equipped with underground sewer, natural gas, and water pipes, as well as numerous telephone cables, the area boasts houses to house mail delivery, elevated into to guarantee positive drainage, an over-all elevation of 27 feet above sea level and city garbage collection. It is served by both Mississippi Power Co. and Coast Electric Power Co.

Steve Hagan, president of and chief engineer of the subdivision, gave Spanish Acres an almost daily visit this week to check on the progress of the subdivision. He is a visiting architect and a developer of the area. The subdivision is the most recent in the county's development.

### Three join faculty

## Psikogios to head Christ Day School

Christ Episcopal Day School's board of trustees last Thursday named Peter Psikogios as principal replacing Mrs. C.A. Rues, III, who has resigned due to ill health.

Others named to the faculty are Mrs. Lewis M. Reed and Joseph D. Blum of Penn. Christian and Miss Marie Louise Wagner of Guilford.

Returning to their former teaching positions are Mrs. Warren French, first grade; Mrs. William Leigh, second grade; Mrs. John Smith, Jr., fourth; George Deming, fifth; Leonard Boyd, Jr., sixth; and Mrs. Gertrude P. Stumm, eighth. Mrs. Charles R. Johnson will continue as French department; and Mrs. Donald S. O'Brien as health and physical education director.

A double kindergarten is planned for the 1966-67 session with Mrs. L.R. Stebbins as teacher and Mrs. T. A. Torgerson, assistant. Mrs. Claude Verburgh will assume the duties of nursery teacher.

Religious classes will be conducted by the Rev. Roy Worthington, newly appointed curate of Christ Episcopal Church and Mrs. Worthington, who holds a degree in art from Smith College in Northampton, Mass., will teach art in all grades.

A faculty member for the past four years, Psikogios has a master's degree in both education and business administration from University of Southern Mississippi. Well known in his department in school administration he is a

### Registration dates given by 4 area schools

Four more schools have announced registration dates for the 1966-67 school year.

St. Joseph Academy will Tuesday the registration of students and book sale in school for Thursday, Aug. 25, with classes set to commence the following Tuesday, Aug. 30. Boarders will arrive Aug. 29 and teacher orientation sessions are planned for Wednesday, Aug. 24.

St. Clare's School, Worcester, will Monday this registration and book sale in school for Tuesday, Aug. 23, with classes set to commence the following Tuesday, Aug. 30. Boarders will arrive Aug. 29 and teacher orientation sessions are planned for Monday, Aug. 22.

Calvary School, Lubbock, has set faculty orientation for Aug. 24 and 25; registration, Aug. 26 and first full day of school, Monday, Aug. 29.

Special class registration at St. Augustine's Academy are taking place Aug. 29 with classes starting Sept. 6, while Annunciation School, 10th and St. Rose de Lima School, Bay St. Louis announce no completion of plans to date.

### Set safety themes for farm week

Safety demonstrations by Harold Cummings of Mississippi Farm Bureau, commencing at 1:30 p.m. on Saturday, July 31, will highlight the observance of Farm Safety Week, July 24 to 31.

L.J. Brown, president, Hancock County Farm Bureau said Monday that a different phase of safety will be emphasized on each day during the week.

On Sunday, the theme will be Reference for Life; Monday, safety begins at home; Tuesday, agricultural chemicals; Wednesday, power lines; Thursday, rural highway safety; Friday, farm machinery; Saturday, recreation safety.

### Why not get the revenue?

An argument often heard—concerned in churches—on increasing liquor to the people will bring about the end of the law, as city not liquor liquor to the government can get revenue from the sale? This is a major point of propaganda for the liquor interests. Many well-meaning citizens are misled by the fallacies in this argument.

The liquor manufacturers boast of what they call "public revenue from alcoholic beverages." A few years ago they published a 64-page booklet showing that from the time of repeal in 1933 to 1953 a total of \$47,332,651,761.00 was contributed by the liquor trade to local, state, and Federal governments. But the booklet failed to mention that the liquor business cost the taxpayers during those years. Let us inquire into this side of the ledger.

A special committee appointed in Massachusetts to study this matter reported that in 1953 the cost of taking care of the damage caused by liquor (including the cost of arrests, care, and prosecution of criminals, and care of the insane and those made dependent through liquor) was \$61,000,000.00. Revenue derived from liquor that year was \$12,152,926.79. Commenting on this report, Judge Joseph T. Zerk said: "For every dollar collected in taxes from liquor, the state spends at least five times as much to cleanup the wreckage caused by the alcohol traffic."

In the city of Fresno, California, in a recent year it was found that while the city received \$34,000 in liquor taxes, it cost the city \$1,000,000 in law enforcement, hospitalization, and other expenses. The revenue made by liquor is captured by the liquor interests, but the cost of cleanup is paid by the taxpayers.

"The truth of the matter," says W.W. Canale, "is that there is no 'revenue' from alcoholic beverages. The money, which is obtained from the licenses and taxes upon these beverages is only a bit of savings from the destruction wrought by their consumption."

Here are two examples of the cost of alcohol. Police records of a 34-year-old drunk in one city showed that he had been jailed 253 times, costing the city \$46,575.00 for police and court costs, jail keep, and hospital care; the subject had total blood alcohol of .264.00.

### Air cargo hits peak on Southern

Air cargo shipped on Southern Airways during June is way up, according to the latest weekly report in the history of the Atlanta-based carrier.

Air cargo, the report said, hit its highest all-time peak in 1966, both in pounds carried and in value. According to W. Allen Foster, Director of cargo sales for Southern,

the total cargo shipped in June was 1,044,000 pounds, up 15.5 per cent from 903,000 pounds in May. The value of the cargo shipped in June was \$3,727,000, up 21.5 per cent from \$3,065,000 in May.

Air cargo pounds carried increased 5.7 per cent to 244,654 in June from 231,500 in May, a 1 per cent increase. Air freight was up 45.4 per cent to \$1,044,000 in June from \$720,000 in May, and air freight per pound climbed 44.3 per cent to 104.2¢.

For the first half of 1966, compared to the first half of 1965, Foster gave these figures: Air mail increased 26.7 per cent in pounds carried, totaling 1,016,670, a 29.2 per cent increase resulted in 1,044,000 pounds being shipped. Air cargo in the first half of 1966 was up 15 per cent to 2,446,540 pounds, and air freight from increased 45.4 per cent to \$1,044,000. Air freight per pound was up 45.4 per cent to 104.2¢.

Commenting on the significant increase in all cargo shipped, Foster said, "This is a reflection of the fact that the air cargo industry is now in a position to handle a wide range of commodities to the South's manufacturers."

## Presnel pops 7-Up into 1st place tie

A Times League by Greg Presnel over the second baseman's head with two out and the bases loaded in the last half of the last inning pulled 7-Up out of a tie for second place into a tie for first in the Junior Softball League Tuesday night in City Ball Park, 7-Up leading Holy Name 5-4.

Holy Name was leading the league with a 5-3 record and CVO and 7-Up were both 4-4. Now, Holy Name and 7-Up are both 5-4. Tonight, CVO plays Bay Rebels in the last championship game of the season and must win to stay in the running.

Holy Name and 7-Up also play tonight to break the first place tie.

## Airport aid grant waits federal ok

A \$131,150 application for federal assistance from the Hancock County Airport Authority for the new Hancock County Airport is still pending in Washington. The project envisions 200 permanent jobs.

## Port meeting...

(Cont. from Page 1.)  
A second snag to progress arose when commissioners were told that Mississippi Power Co. had planned a high power transmission line that would run across the south end of the proposed county airport. A representative of the power company had been expected but did not appear.

Shelby Williams of Michael Baker, Jr., Inc., the commission's consulting engineers, said he had met with the power company engineers and established that a conflict of interests did exist.

The proposed line to carry 230,000 volts to National Aeronautics and Space Administration operation at Mississippi Test Facility, "Shelby said adding Mississippi Power had explained its time-table for installation was tight. Outlining his efforts to get the line located he said he had been told that all the towers had been designed and were apparently under fabrication.

A relocation cost estimate was being prepared and that seemingly would play a part in future negotiations between the commissioners and the power firm.

On such a relocation the power line would have to run south of the proposed Interstate 10 highway so as not to interfere with aircraft flight patterns to and from the new airport.

Williams could not say whether all the right of way for the line has been purchased at this time.

Haas said he would have to await the formation of a fact-finding committee before he could assess the establishment of a case.

Commissioners finally agreed to let their attorneys handle the matter by letter. Such communication is to show the date various airport site resolutions were adopted, the fact the site is approved by the Federal Aviation Agency and convey the commission's intent to build an airport at that location.

Pressing for definite detail on development time tables for their Mulatto Bayou project, Williams reported his survey crews had established two points of reference that would be as base points to determine elevations and distances for the port.

He was unable to predict an actual survey completion date but said a construction timetable could be computed just as soon as the survey was finished.

After telling his board their bond monies had been invested in short term treasury notes and bonds, Martinolich said they would earn \$30,000 to offset any loss on interest payments.

Although not receiving the sanction sought, a Waveland delegation promoting the town's projected small craft harbor at Jackson Ridge did receive a sympathetic ear from commissioners who agreed that the facility was needed.

The commission's next session was set for Aug. 11 in the Pearlington Community Center if it is available.

Concerning that the expenditure seemed a wise investment, Rebol moved to retain the Hone firm until Oct. 31 if the board is satisfied with the service, they could be rehired.

The motion carried. Only one bid on a new six-burner range for the hospital kitchen was received for \$373

## Economy hike cuts county's U.S. aid

Hancock County's rising economy has lapped the county off the Overall Economic Development Program's qualified list, the Chamber of Commerce board of directors learned Monday night.

The June 30 approved list from Washington deleted Hancock, Mrs. Frank Kiefer, chamber manager, said. Leon Paullette, area extension agent who worked with the chamber in an effort to secure continued approval, had informed Robert Lauterbach, area redevelopment chairman for the chamber, that he was not optimistic about a future listing. He explained the change in per capita income from 1960 to 1966 had brought the county to more than \$2,200 a year.

On the motion of Andre Arceneaux, seconded by Lauterbach, the chamber voted to advise in the local press in support of a "yes" vote in Saturday's local option liquor election.

Effort was made to enlist the support of other members of the Gulf Coast Council of Chambers of Commerce in asking Highway Commissioner John D. Smith to place signs at all entrances to the Interstate 10 in Hancock County, the state of four-laning U.S. 90 between Rt. 607 (old Rt. 43) and Bay St. Louis, and plans for four-laning 607 from 90 to I-10, including starting and completion dates.

F.H. Chomsoe of Pearllington, an engineer with General Electric Co. at Mississippi Test Facility, suggested the board seek advice from local authorities on the test site for names of potential satellite space industries which might be encouraged to locate here. His offer to find out was accepted.

The board agreed to a request from Mrs. Wayne Ducomb to action in publicizing a beautification project being undertaken by a civic group at Kiln.

(Cont. from Page 1.)  
total due would be \$19,836.72. The engineer recommended \$15,944.30 be paid on No. 1 and \$3,892.42 on No. 3—both of which are subject to liquidated damages. There do not appear any charges at this time on No. 6—garage pump out—due \$16,535.51.

Edgington recommended that George Consolidated resolve the outstanding owed Contractor Equipment Co. by Tractor Rental Co., sub-contractor on No. 6, for \$4,692, by the next submittal of a monthly estimate. Otherwise this amount will be deducted from periodic payments.

Public bonds were sold in the Hancock County Courthouse on Monday night.

Joseph R. Scharff, designated by Wilson Webb, chamber president to stay behind Bay St. Louis officials to get the sewer-water and street work done, said he had been informed the city is keeping after George Consolidated, one of the contractors.

Weber reported on recent tours to the Pascagoula Industrial complex and the Saturn rocket firing at Cape Kennedy; resignation of Lee Hayden from the board was discussed but no successor named, and Mrs. Kiefer was directed to have representation at the Interstate Commerce Commission hearing in Gulfport Tuesday on removal of additional trains by the Louisville and Nashville Railroad.

Hospital board...

(Cont. from Page 1.)  
the board no increased service charges would be necessary unless future audits demand it. Informally, the hospital trustees unanimously agreed that the latest financial report, stamped by a licensed CPA, is the best ever and lauded Blackledge for it.

The administrator announced the hiring of three and possibly four registered nurses to assume their duties Aug. 19. All four are now employed at the Jones County Hospital from which Blackledge came.

At a medical staff meeting June 20, the doctors recommended limiting Hancock General's capacity to 34 beds, but Blackledge told the board that presently 40 beds are in use and with the arrival of the new nurses, patient care will surely be adequate.

He also said Stanley Fair-connetur has been hired as an x-ray technician.

After board approval was given to retaining of a CPA firm to handle financial statements and the purchase of a kitchen range, trustee T.T. Rebol moved that trustees go into executive session to discuss "personnel a not-for-publication business".

William F. Horne, Jackson CPA, was retained as of June to the end of this fiscal year at \$1,311 a charge of \$250 per month plus a \$1,000 charge for this first year's financial audit.

Blackledge explained he had personally hired Horne to help him straighten the books from June 1 and to revise the monthly financial statement. Since he had done so without board approval, he offered to pay the bill himself but Rebol moved the hiring should include the June charges. This was approved.

Concerning that the expenditure seemed a wise investment, Rebol moved to retain the Hone firm until Oct. 31 if the board is satisfied with the service, they could be rehired.

The motion carried. Only one bid on a new six-burner range for the hospital kitchen was received for \$373

from Abille fixtures and Equipment Co. on a 243 HN Garland stove. Trustees had expected the cost to run around \$800 and wondered if the bid had specified the wrong type stove. A check by Blackledge with the kitchen supervisor proved it was correct and the bid was accepted.

The motion carried. Only one bid on a new six-burner range for the hospital kitchen was received for \$373

from Abille fixtures and Equipment Co. on a 243 HN Garland stove. Trustees had expected the cost to run around \$800 and wondered if the bid had specified the wrong type stove. A check by Blackledge with the kitchen supervisor proved it was correct and the bid was accepted.

Concerning that the expenditure seemed a wise investment, Rebol moved to retain the Hone firm until Oct. 31 if the board is satisfied with the service, they could be rehired.

## An Open Letter to the Mayor and Commissioners of the City of Bay St. Louis, Mississippi.

July 18, 1966

The Bay St. Louis Jaycees are deeply concerned with the status of the streets and drainage in our City, and consider this the most critical problem facing us at the present time.

You will recall that the Jaycees, upon assurance by you and your engineers that the streets would be restored to their former condition, made a house to house campaign, in conjunction with other civic organizations, to assure passage of the bond issue. We were later shocked to learn, without any consultation with at least our civic organization, that you had left out this important phase of the project. This has caused us, as an organization, to be greatly embarrassed with the public, and we consider it our duty to use every force at our command to assure the immediate restoration of our City streets. We recognize that the leadership and implementation of this program is your responsibility.

On May 4, 1966, the Community Development Committee of the Bay St. Louis Jaycees delivered to each of you a certified copy of a Resolution of the Bay St. Louis Jaycees stating our position in this matter.

On July 7, 1966, a letter was written to the Mayor requesting a report on the status of this program. To date, no answer has been received.

We are reliably informed that it will take approximately two to three years to complete a major street improvement program, including engineering plans and specifications, the bond issue election and the construction period.

It is high time that our City in this space age and modern "Horse and Buggy" approach to eliminate this problem. Assuming that a patch work job could restore the streets to their former condition, within the limitations of present full faith and credit general obligation bonds, we would still not have solved the problem as the streets in their former condition were inadequate to meet the needs of a growing community, and would not be the best use of the taxpayer's money.

As we have stated, it is our position that adequate street and drainage facilities should be installed, taking into consideration major thoroughfare planning, a position of additional right of way for street widening, installation of main storm drainage facilities providing for future expansion and other facilities required by a growing community. This is necessary in order to preserve and enhance the value of properties in old areas and to provide for the orderly development of the rapidly growing adjoining areas of our City.

The present tax structure does not allow sufficient funds to provide such a program and since property values would be enhanced thereby, it is our position that a major street and drainage improvement program should be accomplished as outlined above, even if it is necessary to levy a special assessment to accomplish this program.

The people of our City are entitled to immediate action and should be informed of the present status of the project. Further, that the steps required for the accomplishment of this project should be set forth and a time table established for the accomplishment of each step.

The people of our City are suffering yearly. The loss to automobiles, damage to homes and businesses, business and merchandise, attributable to the condition of our City streets, amounts to untold hundreds of thousands of dollars.

The burden is yours and we implore you to act without further delay and to inform our citizens. Let us assure you that the Jaycees are always willing to cooperate with you in formulating and carrying out a program to remedy this situation or any other problems of the community.

I have been directed to write this letter for and on behalf of the Jaycees by appropriate Resolution of the General Membership.

Sincerely,

Bay St. Louis Jaycees

## Torpedoes explode

Bay St. Louis swimmers continued their bid for state recognition last weekend by winning the AAU Region Three championship in the YMCA pool at Piquette.

The Torpedoes amassed a total of 367 points to earn the winners' trophy. Second place went to Natchez with 352. Other entries were Vicksburg, Gulfport, Ocean Springs and Piquette.

Next stop for the champions is the all-important state Southern AAU meet Friday and Saturday at Greenwood where they will compete with the best swimmers from the other three regions of the state. Qualifying rounds in all regions were conducted last weekend, the top four swimmers in each event being named for the state meet.

Coached by Almon, Fred Wagner and P. E. Porter, Jr., the Bay St. Louis team completely dominated the qualifying round last Thursday, Friday and Saturday at Piquette. 32 of 35 entries making the state meet.

Noel Phillips was awarded the trophy for most valuable girl swimmer of the meet while David London and Nancy McDonald each brought home three gold medals for first places in individual events. All were medals won in relay events and others proudly displayed individual event awards.

Other members of the Bay team qualifying for the state meet are: Individual events, Susie Anderson, first, 50-yard back and 50-yd. fly, second 25-yard free; Prima Luke, third, 50-yd. breast, fourth, 50-yd. free; Mark Walch, first, 50-yd. back, second, 25 and 50-yd. free; Greg Polindexter, second, 50-yard, back, fourth 25 and 50-yard free; Milan Winnard, first, 50-yd. breast, third, 25 and 50-yd. free.

MRS. ROBERT EUGENE WILLIAMS

## Williams-Wimbish vows exchanged in Covington

The marriage of Miss Linda Ann Wimbish, daughter of Mr. and Mrs. James M. Wimbish of 321 1/2 Bellandine St., to Robert Eugene Williams, son of Mr. and Mrs. Frederick B. Williams of Covington, La., was celebrated recently at Waldheim Methodist Church in Covington.

The double ring ceremony was performed by Rev. James Conatible before an altar decorated with white gladioli and carnations.

Miss Wimbish, who was escorted to the altar by her father, had her bridesmaid, Patricia Ann, maid of honor. Misses Mary Jenkins and Brenda Elaine Williams, both nieces of the groom, were bridesmaids and flower girls, respectively.

Leroy Fournier was best man and Roy Kean was groomsmen. Both are of New Orleans.

Uncles were Charles Spradley and Marvin Connor, brothers-in-law of the groom, also of New Orleans.

Following the wedding was a reception at Twin Oaks, home of the groom's brother and sister-in-law, Mr. and Mrs. Charles Williams. Mrs. Williams is an architect at Birmingham-Pine Glass Co. in New Orleans.

The bride is a graduate of Bay High School and attended Spencer Business School in New Orleans. Mr. Williams is an architect at Birmingham-Pine Glass Co. in New Orleans.

Attending the wedding from Bay St. Louis were Mrs. William Breland, Mrs. Geneva Johnson and Mrs. Alfred Campbell and daughter Marlene. Other out of town guests included Mrs. Robert Murray of New Orleans, and the bride's aunts.

Since their wedding trip to Florida, the couple is at home in New Orleans.

## Kilm teacher, sister have joint nuptials

Miss Rhonda Ranz, daughter of Mr. and Mrs. Hillary Elliot Ranz of White Plains, New York, became the bride of Barton John Paul Hume, U.S. Naval Reserve, at 12:30 p.m. on June 25 at Our Lady of Sorrows Church in White Plains.

Mrs. Hume was an extension lay volunteer teacher at Assumption School in Kilmoryear and Rev. F. Abram of Kilmoryear conducted the wedding with vociferous in that area.

The marriage was a double ceremony, in which Mrs. Hume's sister, Martha Wilma Ranz and Peter Anthony Hawley also received their nuptial vows.

Both couples are living in Norfolk, Va., and Mrs. Hume has a teaching position there.

ing room of their lovely new Woodland Avenue home.

Any Mississippi Miss College for Women classes who haven't yet begun will be gathered to home of the parents of Miss Emma Edith Peers, a beloved teacher who, among other accomplishments, has directed May Day festivals to KSCU, was responsible for the physical education building, erected in 1924, began Zebra drill and directed both the 25th and 50th anniversary programs at the college. Unfortunately we're unable to give further details of her career as the news release simply stated that it was at the wrong time for newspaper deadlines.

## Bay travelers

Bethie and Vernon McCulloch and children arrived home Sunday after spending a week in Daytona Beach, Fla.

Carl Conner has returned to sea. After deciding that retirement to his common place, he's reactivated in the Naval Reserve and to board a cutter, which he describes as a bit too ratty for long voyages.

Although the Ed Lovansons have moved to Baton Rouge, they still referred to Woodland as home, on their visit there last week.

Louis Ladner returned home early Thursday after a voyage to Viet Nam on a Merchant Marine ship.

## Week's mystery

Just how did it come to pass that we have a large envelope full of cashiers of a young lady named Audrey, apparently taken during World War II, judging by the style and length of her clothing. She was apparently very much enamored with a young man by the name of Eugene, according to letter notes on the pictures. If anyone either in, or known Audrey, we'll be happy to return the envelope, but we're still trying to discover how they came to land on our typewriter?

Justina (Mrs. Bill) Redgas a very happy birthday with, having celebrated last Friday.

## Animal notes

One more reminder... If your dog hasn't already been checked for heart worms, don't delay any longer. Mosquitoes, which carry the larvae, have had plenty of time to pass them around. The treatment, which is occasionally fatal, has a much better chance of being effective if given in early stages of the disease, and unless the worms are treated, your canine hasn't a chance.

## Fishing news

Didn't have time to inquire as to catches, but when one catches such old grov as Tar Man, Tommy Nodolce, Horace Rahn, Brad Foyre and their companions hardly fishing off the coast on a Saturday morning, the trout just have to be biting.

Ole Miss sots sorority, frat, rush week times

Principals and sorority rush candidates are expected to attract some 1,000 students to the University of Mississippi campus for the week prior to opening of the 1966-67 session on Sept. 11.

Miss Julia White, public relations adviser told Monday that Aug. 15 is the deadline for sorority participation. The candidates are expected to have their pre-registration forms submitted by Aug. 25, according to Tom Hume, director of student activities.

Registration of new students begins Sept. 11 with registration ending Sept. 14 and 15.

## AT YACHT CLUB

Bay-Woodland Yacht Club will have a "baiter" luncheon from 12 to 1 Wednesday. Reservations are due by Tuesday.

## Mrs. Geoffrey feted with surprise party

A surprise birthday party was given Mrs. Martha Geoffrey on the occasion of her 67th birthday on Sunday, July 9. Honoring the affair was her daughter, Mrs. Lucille Bourgeois, by her home at 433 de la Roche.

Those assisting at the celebration included Mr. and Mrs. Haroon Geoffrey and family; Mr. and Mrs. David Carpenter and Mrs. David; Mrs. Albert Conatible and family; Mrs. Martha Geoffrey; Mr. and Mrs. Carl Ladner and family; Mrs. Sam Bridges and daughter, LeVonne; Mrs. Blanche Sylvester and daughter, Sylvia; Dan, Brandon, and Thomas; Neelley U. Richardson and Mr. and Mrs. Sidney Geoffrey and Arnold Broach of New Orleans.

Sevils and cheer, simply lying on the couch on their owners' couch mostly in the early evening, as elderly Mrs. from a distance appearing to be paying an overlanded factory, until a cheer had reached the table of a red and white company of ornate green grass, in fact covering most of the remainder of Barry's disappearance and the resulting summer of love between, was lapping, criticism clapping and dripping, drops of cooling rain. ## New pastor Kennedy leaves to arrive MTF to direct new canal job on Sunday

After an absence of 17 years, Rev. John T. Dearing will assume duties of pastor, First Baptist Church, Bay St. Louis, on Sunday.

Previously concluding a 10-year pastorate at Indian River Church, Norfolk, Va., he was pastor here from 1945 to 1949 during which time he led the church in building and paying for a \$75,000 church and education complex.

Under his leadership Indian River Church has increased from \$29 to 1,691 and the Sunday School from 438 to 1,390. They recently completed a \$160,000 education building and bought land for a new sanctuary and campus.

A native of Pine Bluff, Ark., Rev. Dearing is married to the former Kathryn Nicholson of Pine Bluff, Ark. They have four children and one grand-son.

## County Lions committee chairmen told

In their second business session since formation the North Hancock County Lions Club on Monday at Hancock North Central School named committee chairmen and their principal assistants.

Meeting chairman first, named were, program committee, Leonard Fuller, Rev. J.E. Moore, publicity, Bob Hubbard, J.E. Moore, Jr., Bob G. Roberts, citizenship, Neville Fournier and Roland Loder; finance, L.O. Marshall, Paul Thomas, finance, Alvin Lemphig, Dwayne Palmer, V. G. Roberts, J.T. Lee, Education, Woodrow Loder, Arthur Neider, sight, Rev. Billy J. Harrison, Doc Tidgen.

Tackling the question of a suitable project for their service club to sponsor, it was decided to investigate the possibility of building a north county health center, staging an annual football tournament and a business and community public meeting of one type or another.

In regards to the health center it was learned that federal funds were available for such a project providing donated lands could be obtained. The entertainment, introduced by Miss Truie Odum, Hancock North Central School major, who gave a demonstration of dancing and began twirling.

**HERE'S REDDY TIPS ON HOW TO GET THE MOST OUT OF YOUR AIR CONDITIONER AND SAVE MONEY**

- 1. Clean Filters At Least Once Each Month**  
A dirty filter restricts air flow to the cooling coils and increases operating cost. It can also cause the unit to "strain" more to do your air conditioning job which means more equipment breakdowns and more service calls. A clean filter means the operating efficiency of any air conditioner.
- 2. Have Your Unit Checked Once Each Year**  
An inspection of your air conditioning unit once each year will help insure sluggish operation, aid the mechanical operation of the unit, and insure the amount of refrigerant. A safety check of the refrigerant system, motors, and thermostats will mean smoother, dependable operation.
- 3. Check Your Thermostat Setting**  
The ideal temperature for indoor home cooling is between 74-78 degrees. A regular check of your air conditioning unit's thermostat will insure the temperature while keeping operating costs at a minimum.
- 4. Fully Insulate Your House**  
Home insulation keeps the heat inside and makes your home more comfortable and quieter. Insulation also helps keep dust from settling inside. In fact, it fully insulates in just more liveable!
- 5. Seal Your House Against Air Leaks**  
Weather stripping around all doors and windows of your home prevents leakage as does weatherstripping on your refrigerator. A sealed house means lower air conditioning operating costs. Weather stripping, like weatherstripping, will make your home more comfortable.
- 6. Shade Windows On West And South Sides**  
If your home has a lot of windows, particularly on the West and South sides, you can save money on your cooling costs by "Shading" the glass with shutters. The use of window blinds or drapes keeps the sun out of the house and helps you enjoy your air conditioner.

### PLEASE VOTE, DRY

Wine is a mother, strong drink is raging, and whosoever is deceived thereby is not wise... The Bible. We urge every voter to go to the Polls and vote against legislation of liquor. No good but only evil comes from the sale and consumption of alcohol. Nations have fallen because of alcohol. Let's keep America strong and great. The prophet Isaiah says: Woe unto them that rise up early in the morning that they may follow strong drink that continue until till wine inflame them.

## Teen Times

Bye, bye kiddies... for two lovely weeks it's vacation time and your aging reporter needs the rest. However, don't forget to make little notes about birthdays, parties and the like, and have a nice check awaiting our return. Just send all news to the Echo as usual and we'll have a nice long column for the August 4th issue.

Before we get into news of current college on, we have to mention on camp of the weird hair styles around town. We've given the girls like about three messy looking beehives they were sporting a year or two ago, and now the majority have clean, well brushed simple hairdos. But come 'Beetle-braided' boys have gone hog wild. We don't know what they're trying to prove with that greasy strands drooping down over their ears, and of course, there are always a few way out girls who encourage odd behavior, but on the whole if the girls would insist on their decorating neatly cut hair, we think this would solve the problem in short order. If this doesn't work, we suggest parents get to work with a pair of scissors while the little sis-sies are sleeping! So much for that.

Bay High band members are going all out in preparation for this year's football season. In addition to attending classes twice a week and marching practice Tuesday and Friday night, a group pitched in and gave the band room a fresh coat of paint.

Fred Delph and Paul Miller are both home a leave from the air force. Fred is headed for a tour of duty in Germany; Paul just received his diploma from Officer Training School.

Two steady twosomes are Jean McCord and Charles Perniciaro and Beverly Lader and Al La Fontaine. We're told that lovely Alton Trellis is quite serious about the young man who has been coming all the way from Shreveport to see her almost every weekend.

Mark Soywers, who is taking a six week course at Gulf Coast Military, was the weekend guest of his grandparents, Mr. and Mrs. Carl Cater.

Some one wants to know what caused the break-up between M.G. and D. T.? And S.B. and S.P.??

Happy birthday greetings go to Jamie Arnold, who was 15 on July 14; to Rhonda Fleming, she was 16 on July 21; Bill Eubanks, who will cut his 17th cake on July 31, and belatedly to David Gowan, he was 17 on July 5.

Mary Lou Gavnage has returned home after spending a week visiting her cousin, Adrian Thomas, in Mandeville, La.

Lillian Travirco and Bart Carr left July 11, for Savannah, Ga., where they will visit Mary Ann Horne at the Horne's summer home.

CVO softball team members had a great time on their recent outing at Ponchartraine Beach. David and Rickey Hubbard and family left Saturday for their Texas vacation.

Someone wonders just how long Cheryl and Gary have been going together???

The long-time off-again, on-again romance between Jackie Kingston and Ray Kidd must be running smoothly at present... the couple accompanied Suz Porter on a recent drive to Georgia (we think), to check into college conditions there.

What brought about the long silence between N.D. and A.L.?? Doris Davis returned home last Monday after a vacation in the Bahamas.

Someone wants to know who is Bob Boyd's for real heart interest? Mrs. Almoe says it's just as much of a mystery to him as to 'what's between his and

### Watts named to president's list at MSU

Alfred C. Watts of Bay St. Louis has been named to the President's list for the coming semester at Mississippi State University. To qualify for this honor he maintained an average 2.5 or better of a possible 3.0.

Named to the dean's list for the same period, with an average of 2.0 to 2.5, were Martin C. Blaize and Marilyn R. Pizzo of Bay St. Louis and Barry L. Kneeland of Waveland.

Martha Griffin, as it is to my one elca.

Jack Leary is spending the summer months coaching a baseball team in the Pass.

Henry Davelle is walking around on crutches since coming out second in a boat with a M-10 over the Fourth of July weekend.

And what's this we hear about someone who got shot at while 'rolling' a house???

Beach parties were the most popular form of amusement over the holiday weekend, but most ended early Monday as those who didn't have to work the following day, had classes to attend.

And just how did Beth Colson manage to anger a certain suitor?

Ellen Colcon, who is now working at G.E. for the summer, received a certificate saying her that she had made Dean's list at Loyola.

Ronnie Genin of Houston, Tex., where he's visiting his steady girl friend.

Jewell Tlemann is a summer job assisting a Frank Klefer in the Hancock County Chamber of Commerce office.

Nell Stieffel is spending the vacation months visiting in the Crescent City. She makes her time between the homes of sisters Nell, (Eddie) Bourgeois and Anna (Mrs. Harold) Silbermangel, and brother, Kenny and family.

Susan Clark feted her best beau, David Williams, at a surprise party on the occasion of his 18th birthday, Wednesday, June 29.

Jeannie Rutherford celebrated her 17th birthday at a family gathering at her home on Tuesday, June 28.

Terry Malone will cut his cake today, Thursday, July 14; Charles Neelise will be on July 20, and Jimmy Morgan will celebrate on July 19.

Still going steady are Kay Jones and Gary Loder, Terry Gaudes and Jimmy Strong and Elaine Fricke and Edmond Schindler.

Bay High and St. Joseph Academy cheerleaders are presently encamping at Pelican Junior College.

Dale Russell was selected alternate in the Deep Sea Fishing Rodeo Queen contest... this year's queen was crowned by Ann Gatochalk, who wore the crown in '65.

We overheard mention of the fact that Wanda and Pat Baughman have moved... but they haven't gone too far and will be attending Bay High's arch-rival, football-wise Long Beach High School.

Saron and Jessica Williams, who moved to Kentucky, are vacationing in their former home town, Clarendon Harbor.

**SEVEN UPPERS** - At the time this picture was taken the 7-Up softball team was leading the league in Bay Junior competition. But times change and after last week's play Holy Name led by one game, 7-Up and CYO being tied for second with two games to go in the season. Should 7-Up beat

Holy Name and CYO beat Bay Rebels there will be a three-way tie for first between CYO, Holy Name and 7-Up. Fourth from left, rear, is Mrs. Theo Tudury, former recreational director and chairman of the Parks and Playgrounds Commission who has been coaching the lads.

## CYO girls win pennant, boys still fighting hard

Everything is sewed up in the distaff side of the Junior Softball League but its a different story in the boys' division as the teams wind up the regular season this week.

The girls CYO team are undisputed champs having completed their schedule undefeated and winning eight. Their closest opponent is B and L who have one more game to play but are three full games behind. Best they can do is finish 2 1/2 games out.

But in the boys' section Holy Name is in front with 5-3 and CYO and 7-Up are tied for second with 4-4. Holy Name still has to play 7-Up and CYO - Bay Rebels. These games could change the picture completely and were to be played Tuesday or tonight. Dates of the play-offs had not been set Tuesday.

Last Tuesday Beach Drug girls forfeited to B and L and CYO boys pulled a close one out of the fire beating Holy Name 9-7 in a rainout game postponed from July 5. Score was 2-2 going into the fourth inning when CYO scored three in the top but Holy Name put over four in the bottom to take a 6-5 lead.

In the top of the fifth CYO's Larry Gaynon walked, Bert Chevis was safe on an error and with two away Aggie Orr blasted a clean single scoring Gaynon and Chevis to put his mates ahead 7-6 then scored two more in the seventh for insurance.

Holy Name got two in the

second, four in the fourth and made a desperate bid in the bottom of the seventh but could only get over one run.

For CYO Chevis and Orr got two for four and Barry Favre two for three. Jimmie Lolacans and Claude Yarbrough went two for four for the losers. Winning pitcher was Dickie Lehner, loser, Andy Loup.

In the second game 7-Up's Jackie Strong held CYO to four hits winning 6-2 and putting the league in a three-way tie. Tommy Martin, Greg Prael and Steve Worrell each got two hits in three trips for the winners.

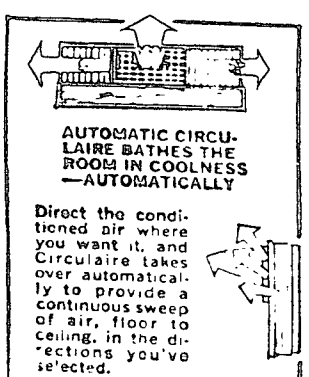

7-Up scored two runs in each of the first three innings and CYO was only able to score in the top of the fifth when Orr

got a single and scored when Barry Favre was safe on an error. Frank Lagarde then got (Cont. on Page 6-B.)
